Open Gardens

Pippa Bailey

A good idea in theory, but in practice we do need a few offers from people (about 6 minimum) tp have their garden open, please! If youre worried about dates, I feel one of the first two weekends in June would be best, and if you think you might be away we could always find someone to garden sit so that theres always someone there. A big thankyou to those who have offered their help on the day already.

I hope to hear from you - 868629.
